#### Priorities for 2020-2023

Whole School	Key Stage	Group or Pupil Specific
Implement a strategic and operational plan with specific actions to provide opportunities for Pupil Premium children to spend time with their peers.	Reduce the gap between Key Stage 3 / 4 PP and NPP pupils in formal curriculum maths	Support specific PP pupils to engage fully in school via highly personalised and strategically monitored use of intervention
Ensure staff have the skills and knowledge to implement a fully inclusive and personalised curriculum for every Pupil Premium child.	Reduce the gap between Key Stage 3 / 4 PP and NPP pupils in formal curriculum science	Create a significantly personalised curriculum for PP pupils who exhibit high levels of deficit in core curriculum progress
Support Pupil Premium children to develop age appropriate communication, interpersonal and social skills through a whole school approach to social use of language	Reduce the gap between PP and NPP pupils who are working on the informal curriculum	Employ bespoke social communication skills programmes for KS4 PP pupils requiring intensive intervention prior to accessing post-16 education

## **Detailed Information**

Objective	Success Criteria	Milestones	Spending	Allocation
<ol> <li>Implement a strategic and operational plan with specific actions to provide opportunities for Pupil Premium children to spend time with their peers.</li> </ol>	Pupils attend a range of activities in school and offsite. Attention autism is used to support the most vulnerable in school to attend and share spaces and attention with others.	<ul> <li>Attention autism lead practitioner supports all staff to deliver PSHE focused attention autism sessions</li> <li>Middle-leader tracks and monitors offsite activities ensures all pupils have an equal opportunity to attend as well as ensuring there is a range of activities.</li> <li>Class teams ensure enhanced communication is maintained throughout transition or disruption periods for PP pupils. Acute connections with families mean concerns are addressed and actioned rapidly.</li> <li>Additional capacity is facilitated via the deputy headteacher to ensure swift attendance support is in place for PP pupils who are struggling to attend school.</li> <li>Deputy headteacher facilitates intensive working relationships with wider agencies ensuring the right support is in place at the right time for families in receipt of PP funding.</li> <li>Catch-up funding is targeted to address any academic gaps for PP pupils. Close analysis of progress data means gaps are addressed quickly and interventions are in place.</li> <li>Basic needs of PP pupils are swiftly actioned to ensure PP pupils are confident and comfortable to attend school.</li> <li>Curriculum development is at the heart of the school's focus</li> </ul>	Targeted catchup Attention autism resources Subsidising trips and activities	£850 £700 £1000
2. Ensure staff have the skills and knowledge to implement a fully inclusive and personalised curriculum for every Pupil Premium child.	Teachers have a strong knowledge of the subjects that they teach and confidently build robust curriculum plans for PP learners. All teachers ensure a rigorous and sequential approach	<ul> <li>Curriculum is in place, with regular reviews</li> <li>The curriculum CPD strand supports teachers to explore specific pedagogy that supports PP pupils</li> <li>Curriculum pathways are introduced throughout the year to ensure new ways of working are embedded over time</li> <li>PP Pupils make use of the school library to promote reading for pleasure</li> </ul>	Research materials Training resources Attention autism resources	£350 £500 £900

	to reading that assesses and addresses gaps so that PP pupils can access the full curriculum. Attention autism is used to support the most vulnerable in school to attend and share spaces and attention with others.	<ul> <li>Class Dojo deployed as a tool to reaffirm learning and provide opportunities to celebrate success.</li> <li>Reading spaces throughout school mean PP pupils can enjoy reading in calming spaces</li> <li>Class readers are reviewed and evaluated to ensure literature is inviting, exciting and challenging.</li> <li>Attention autism lead practitioner training is completed to allow all staff to be trained</li> <li>Use of reading space and bookshelves in each class.</li> <li>PP pupil voice is collected in relation to reading materials and practises to ensure that all pupils are stimulated and have access to books that interest them.</li> </ul>		
<ol> <li>Support Pupil Premium children to develop age appropriate communication, interpersonal and social skills through a whole school approach to social use of language</li> </ol>	Staff have good knowledge of how language acquisition takes place, and how use of language can be supported over time The school community models and values effective social communication strategies Communication is an integral part of the curriculum with opportunities to rehearse and engage in a wide variety of interactions Attention autism is used to support the most vulnerable in school to attend and share spaces and attention with others.	<ul> <li>Social communication CPD strand is launched. Research materials and interim activities provide stimulus for reflection and development on an ongoing basis</li> <li>Staff are able to track speech and language progress, with the support of therapists and adapt as needed to meet current level of need</li> <li>Attention autism lead practitioner training is completed to allow all staff to be trained</li> <li>Personalised therapy training sessions for classes are supported via half termly curriculum focus</li> <li>Action research projects develops staffs understanding around this area</li> </ul>	Research materials INSET days materials	£350 £350
<ol> <li>Reduce the gap between Key Stage 3 / 4 PP and NPP pupils in formal curriculum maths</li> </ol>	PP pupils progress in formal maths is as good or better than their NPP counterparts	<ul> <li>Structure core learning sessions to allow pupils to access maths teaching and learning at the optimum time for them</li> <li>Maths co-ordinator to provide input for each group</li> <li>Real world play to support constructivist maths approach</li> <li>Class groupings support capacity for swift and targeted maths intervention when gaps in learning are identified</li> </ul>	Maths coordinator Maths resources	£500 £1000

		<ul> <li>Working with other schools to develop working links and embed core skills that promote positive progression</li> </ul>		
<ol> <li>Reduce the gap between Key Sta PP and NPP pup formal curriculu science</li> </ol>	ils in than their NPP counterparts	<ul> <li>Collaborative science planning ensures appropriate levels of challenge and support in teaching and learning</li> <li>UPS focus on developing the competency and capacity of science and the use of ICT teaching and learning for staff that are new to the school</li> <li>Teacher led intervention provides structured support for pupils</li> </ul>	ICT resources to develop the curriculum Science consultant to review the curriculum and support with resources	£1000 £1000
<ol> <li>Reduce the gap between PP and pupils who are v on the informal curriculum</li> </ol>	0	<ul> <li>Structure core learning sessions to allow pupils to access teaching and learning at the optimum time for them</li> <li>Therapy team provide input for each group</li> <li>Teacher led intervention provides structured support for pupils</li> <li>Ensure that pupils have access to reading materials at home</li> </ul>	Teacher interventions Therapeutic interventions	£250 £500
<ol> <li>Support specific pupils to reinteg into school via h personalised an strategically mo use of intervent</li> </ol>	rate interventions which support highly current needs. Data will show d improvement in targeted nitored areas and demonstrate	<ul> <li>Assessments provide insight into specific areas of emotional wellbeing deficit following transition back into school</li> <li>Pupil learning plans allow all adults working with a pupils to provide consistent and developmental intervention and support</li> <li>Attention autism lead practitioner training is completed to allow all staff to be trained</li> <li>Therapeutic teams provide regular assessments to support planning and interventions</li> </ul>	Bespoke assessment website Interventions	£500 £250
<ol> <li>Create a signific personalised cur for PP pupils wh exhibit high leve deficit in core curriculum prog</li> </ol>	rriculum gaps and progress in line with to NPP peers. els of Pupils work evidences	<ul> <li>Entry into core curriculum learning is carefully planned. Reduction in learning anxiety is an immediate focus</li> <li>Additional teacher intervention is allocated to ensure high-quality, responsive and flexible input to address pupil need</li> <li>Attention autism lead practitioner training is completed to allow all staff to be trained</li> <li>New curriculum plans and associated CPD provide workshop opportunities for collaborative evaluation and planning for specific pupil groups</li> </ul>	Bespoke assessment website Interventions	£500 £245

9. Employ bespoke social communication skills programmes for KS4 PP pupils requiring intensive intervention prior to accessing post-16 education       Pupils are confident in reciprocal conversations with others outside of their working group <ul> <li>Post-16 planning processes are addressed early in the academic year</li> <li>Close links with the post-16 provision views post-16 as a natural progression in the school and allows pupils with opportunities to access educational spaces, revisit them and plan for communications</li> <li>Pupils are able to explore learning in a adult based environment</li> <li>Attention autism is used to support the most vulnerable in school to attend and share spaces and attention with others</li> <li>Attention autism is used to support the most vulnerable in school to attend and share spaces and attention with others</li> <li>Attention autism is used to support the most vulnerable</li> <li>Social confidence development opportunities</li> <li>Social confidence development opportunities are enhanced through engineered sessions</li> <li>Attention autism is used to support the most vulnerable</li> <li>Social confidence development opportunities are enhanced through engineered sessions</li> <li>Attention autism is used to support the most vulnerable</li> <li>Social confidence development opportunities are enhanced through engineered sessions</li> <li>Social confidence development opportunities are enhanced through engineered sessions</li> <li>Social confidence development opportunities are enhanced through engineered sessions</li> <li>Social confidence development opportunities are enhanced through engineered sessions</li> <li>Social confidence development opportunities</li> <li>Social confidence development opportunities are enhanced through engineered sessions</li> <li>Social confid</li></ul>		spaces and attention with others.			
Utitets.	communication skills programmes for KS4 PP pupils requiring intensive intervention prior to accessing	reciprocal conversations with others outside of their working group Pupils experience formal interview process to prepare for post-16 interviews Pupils are able to explore learning in a adult based environment Attention autism is used to support the most vulnerable in school to attend and share	<ul> <li>academic year</li> <li>Close links with the post-16 provision views post-16 as a natural progression in the school and allows pupils with opportunities to access educational spaces, revisit them and plan for communications</li> <li>Attention autism lead practitioner training is completed to allow all staff to be trained</li> <li>Pupils are provided with 'alternative' communication rehearsal, rephrasing, and mirroring opportunities</li> <li>Social confidence development opportunities are</li> </ul>	-	

#### Value for Money Statement

Kisharon School is committed to ensuring value for money in the allocation of pupil premium and closely monitors spending to ensure it is focused on the objectives set out in this plan. The school evaluates the cost and efficacy of interventions using guidance from external organisations such as the Education Endowment Fund (EEF) and, where possible, utilises high impact / low cost strategies. Interventions that have not been considered by the EEF must have a significant evidence base confirming their effectiveness. For 2020-21, costs have been allocated as follows:

## **Distribution of Funding**

Whole School	Key Stage	Group / Pupil Specific
£1,500	£4,000	£6,000

#### **Cost Per Child**

KS1	KS2	KS3	KS4	KS5
	£1,025	£6,150	£3,075	

Spending 2022/23

Pupil Premium					
Activity	Objective this addresses	Amount			
	Total budget	£10,250			
	Total spend	£11,500			
	Amount remaining	-£1,250			
Development of a bespoke website which allows reciprocal communication with home, school and student to share best practice.	Ensure staff have the skills and knowledge to implement a fully inclusive and personalised curriculum for every Pupil Premium child.	£1,500			
Subsidising trips to ensure that students have a wide range of offers available to them.	Implement a strategic and operational plan with specific actions to provide opportunities for Pupil Premium children to spend time with their peers.	£3,000			
Access to music therapy sessions.	Support Pupil Premium children to develop age appropriate communication, interpersonal and social skills through a whole school approach to social use of language.	£3,000			
	Support specific PP pupils to engage fully in school via highly personalised and strategically monitored use of intervention.				
	Employ bespoke social communication skills programmes for KS4 PP pupils requiring intensive intervention prior to accessing post-16 education.				
Attention autism resources to develop positive mental health.	Support Pupil Premium children to develop age appropriate communication, interpersonal and social skills through a whole school approach to social use of language.	£2,000			
	Employ bespoke social communication skills programmes for KS4 PP pupils requiring intensive intervention prior to accessing post-16 education.				
Funding research into a range of strategies to support.	Ensure staff have the skills and knowledge to implement a fully inclusive and personalised curriculum for every Pupil Premium child.	£2,000
